Working for over 20 years in the sailing industry, with over 120 sailing vessels skippered, from fast fin keel racers and multihulls, to slow full keel cruisers. From modern top of the line systems to companies that closed after WWII... I can't say I've seen it all - but I've seen a lot!

In my resume, I have worked as a captain for day-charters, liveaboard charters, private owners/family boats, deliveries with crew, deliveries with the owners onboard, marine surveys (sail & power), full-time sailing instructor, and ASA/NauticEd instructor. I have 120,000 Nautical Miles (and still counting) including 5 ocean crossings, North Sea, Med. Sea, Caribbean & Bahamas, South Pacific, and Mexico/Central America.

Club Cruceros de La Paz

APDO Postal 366, La Paz, BCS, Mexico 23000
www.clubcruceros.net crucerosdelapaz@gmail.com

Ahoy!

Club Cruceros was founded in 1988 and currently has almost 400 members, both on boats and land-based. We are dedicated to helping cruisers in the fleet by providing information and assistance to the boating community, loaning emergency and medical equipment, maintaining good relations with local officials, supporting charitable programs, and serving as a center for social events.

Join us for coffee Monday through Saturday, 9:30-10:30 am, on our Clubhouse patio, located in the Marina de La Paz facility. There you'll find our book and DVD lending library, a playground for kids and members have use of the Club's Wi-Fi network.

The morning net is on VHF channel 22A at 8:00 am, Monday through Saturday, and is chock-full of Club and local information. It's also a great place to ask for recommendations and assistance.

We have a full calendar of annual events listed on page 51 of this guide. In addition, there are a variety of free classes in the Vista Room including yoga, boating-related lectures, celestial navigation classes, and a sewing group that provides the use of sewing machines. You're also welcome to attend our board meetings, held the second Tuesday of the month (November - April) at 4 pm.

If you aren't already a member of Club Cruceros, we invite you to join us! Simply go to our website, click "Join the Club" and fill out the form. Everyone is welcome to become a member and participate in our great events.

For more information about the Club, La Paz & cruising in the Sea of Cortez, visit our website at www.clubcruceros.net.

La Paz Anchoring Areas

Anchoring in La Paz is a privilege that could be revoked. The Navy does not want to have to police our fleet and could easily close the anchorage to all.

Anchoring Areas are Numbered in Pink

1. City Waterfront - Watch the depth here.
2. The Mogote - Be careful to only cross over the sandbar at the connecting channel.
3. The Sandbar - Anchor between the two channels on either side of the sandbar.
4. Boatyards & Navy Base - Do not crowd this area. Often vessels are brought into the boat yards with limited maneuverability. Keep clear of the Navy Base to allow for ships and emergency search and rescue vessels.

No Anchor Zones are in Blue

- NO Anchoring outside the entrances to the Boatyards and Marinas.
- NO Anchoring in the large area in front of the Navy Base.
- NO Anchoring in any of the Navigational Channels.

Submerged Vessels are the White Symbols & Letters

Don't get your ground tackle tangled up on a submerged vessel.

- a. **TABASCO II** Southwest of the dock on the Magote approximately 50 meters off the beach.
- b. **BEYOND** Approximately 50 meters off the fisherman's cross on the east end of the Magote.
- c. **SEASCAPE** Approximately 75 meters south of **BEYOND**.
- d. **OLD STEAM WRECK** The sweet pipe is just above water but who knows for how long!

World Renowned Tailhunter Sportfishing is a full-service outfitter and guide service specializing in the waters of Isla Espiritu Santo and Isla Cerralvo (Las Arenas/Muertos Bay) on the Sea of Cortez. Founded nearly 30 years ago when he was taking a break from his law practice, Tailhunter is still owned and operated by award winning author and light tackle fishing expert Jonathan Roldan and his wife/fishing/dive buddy Jilly. Jonathan@tailhunter.com

Located on the Bay of La Paz's historic Malecón is the Roldan Family's diverse coastal kitchen. From fresh seafood and local specialties, Hawaiian Poke and ribs, to fish tacos, hamburgers and bacon wrapped hot dogs. Top rated since opening in the spring of 2009, they also boast an "ocean to table" section of their menu, dedicated to preparing their fishermen's freshly caught fish. Featuring great live music three times a week, sporting events on the big screen TVs and front row seats to amazing sunsets. Check out the recent remodel to the historic 130-year old building! — RELATIONSHIP DOULA —

Are you tired of repeating the same patterns and getting the same results?

*Learn how your number one relationship, which you are relationship with **YOURSELF**, is contributing and amplifying these patterns.*

ABOUT ME

As a Relationship Doula, I help you review the relationships in your life that are shaping your perception, your mindset and your actions and create a blueprint unique to you, allowing for a deeper and more productive relationship in each aspect of your life.

TESTIMONIAL

Where to start... I'm so grateful to Naailah. Her insights and tools were truly helpful for me to transform many different aspects of my life. She was also available to me in between sessions to offer support and feedback, which made it worth my investment.

VHF Procedures in La Paz

The La Paz Port Captain has assigned VHF 22A to Club Cruceros and the fleet as the local hailing channel. After contacting your party switch to another channel for conversation. While out in the islands or away from La Paz continue to switch after hailing as the signal travels.

Avoid These Channels

- 09 Pemex
 - 10 & 11 Mexican Navy
 - 14 La Paz Port Captain
 - 16 International Hailing
 - 22A La Paz Cruiser Hailing
 - 72 Local Fishermen
 - 74 La Paz Ferry Terminal
 - 83 Immigration
 - 88 Customs
 - 24-28 & 84-86 Duplex
- Use duplex channels if the party being called has duplex capabilities.

STAYING A BIT LONGER IN LA PAZ?

Boat needs repairs? Looking to have a place on dry land? Maybe you want a peaceful home base while continuing to explore the stunning Baja landscapes. The city of La Paz provides comfort, convenience, and a sense of community - making it a great choice to settle down in (even if just for a while).

by 'Flash' Gordon Wilson

La Paz is also a great city to consider if you're looking to get some rental income from a property. With direct flights from Los Angeles scheduled to start in November I'm certain more people will be looking to visit La Paz to enjoy the food, beaches and pleasant atmosphere.

WHY BUYING IN LA PAZ IS A SMART CHOICE

More than just beautiful— La Paz is safe & welcoming. Property values here are rising, making it a solid investment - whether you're just planning to rent yours out, stay seasonally, or make it your long-term home.

Gord Wilson is a licenced real estate agent in La Paz and after visiting the city for decades, he now calls La Paz his full-time home. If you've got real estate needs or questions, feel free to reach out anytime.

I've recently finished Phil Arseneault's *Speak Like A Local* course and I must say that I loved it. As the previous Global Learning Manager for Shell Oil, recognizing the techniques he uses as sound educational practice is easy. While different from a traditional education approach, and some techniques might seem a little "out there", trust him, they work. You can't go wrong with Phil's program. Try it. DM me if you have any questions or doubts. Happy to discuss. Cheers

Anchoring in the Bay?

Anchoring in La Paz can be an experience with the occasional strong winds and opposing tidal currents.

The effect of the wind and tide on boats in the bay has been dubbed "The La Paz Waltz". Assure your boat has adequate swinging room between you and your neighbor.

Most maintain twice the swinging room as usual. Bow and stern anchoring is impossible. There are many boats on permanent anchor systems with minimal swing. Don't anchor near an empty ball, as someone will probably be back soon.

It is a good idea to re-anchor once a week to be certain your chain has not become entangled with your anchor while waltzing around.

There are Some Rules:

- Pay API - See clubcruceros.net for API's location and the fee amounts.
- Designate someone to watch your boat whenever you are not on it.
- Don't anchor in any of the various channels - see the map on pages 30 & 31.
- Have a working anchor light on at night.
- Pay your dinghy dock fee to our friends at Marina de La Paz.
- Don't even think of anchoring in the Navy Zone - see pages 30 & 31.
- Call the Port Captain on VHF 14 to check into and out of the port of La Paz.

Floss Please!

Bacteria trapped between teeth and restorations becomes an abscess and furthermore transits into the bloodstream causing disease in the heart, brain and other organs.
